City of Fresno, CA

LOCATION: FRESNO, CA | POPULATION: ~550,000 | GOV TYPE: FULL SERVICE CITY | STAFF SIZE: 4,500 EMPLOYEES

INSTITUTIONAL KNOWLEDGE AI

California's 5th-Largest City Saved $144K and 1,440 Hours with AI in Under a Year

$144,000	1,440 hrs	1,260	30+
SAVED IN STAFF TIME DURING 2025	STAFF HOURS RECLAIMED	RESEARCH CONVERSATIONS	STAFF REPORTS DRAFTED

THE CHALLENGE

Fresno's city staff regularly needed to research council decisions, track vendor agreements, and reference ordinances, often decades of records. Finding answers meant manually searching through archived agendas, contracts, and municipal code, pulling staff away from higher-value work.

THE SOLUTION

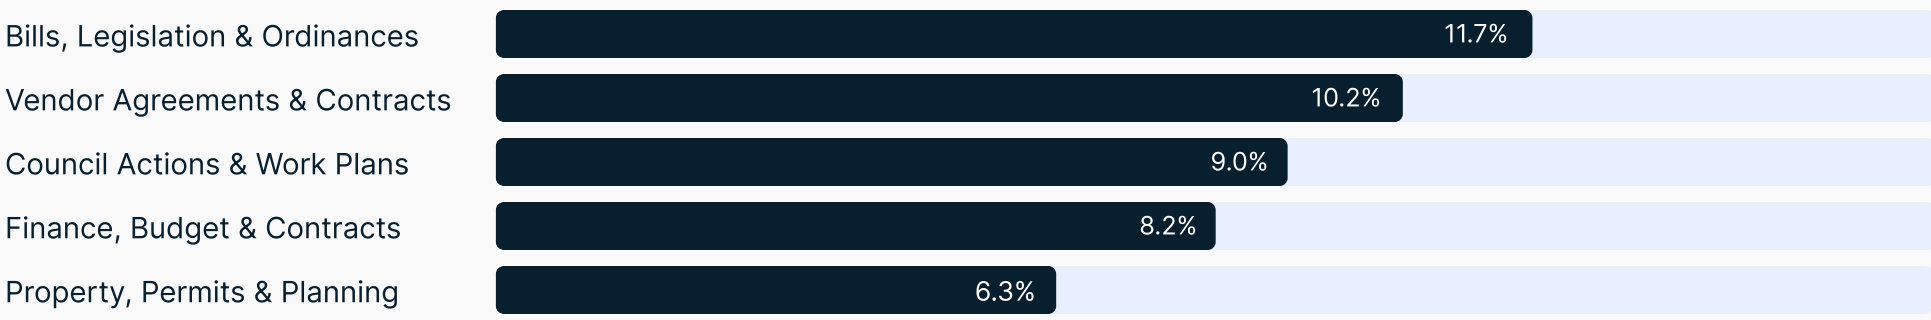

Madison AI built a knowledge assistant trained on Fresno's legislative records, vendor contracts, budgets, and municipal code. Staff get cited answers in seconds and use the platform to draft council-ready staff reports, each saving roughly 6 hours of writing time.

> "We love it. It has been so helpful for our staff. We are definitely renewing again."

Bryon Horn
CIO, City of Fresno

WHAT CITY STAFF SEARCH FOR MOST

Staff Report Drafting
AI drafts council-ready staff reports from internal records, cutting prep time from 6+ hours to under an hour.

Legislative History Research
Staff search past ordinances, resolutions, and council actions in seconds instead of combing through archived agendas.

Vendor & Contract Lookup
Pulls agreement terms, expiration dates, and vendor details on demand for procurement and finance teams.

Zoning & Permit Research
Answers property, planning, and municipal code questions that previously required cross-department calls or manual searches.
