Washoe County, NV

LOCATION: RENO, NV | POPULATION: ~500,000 | GOV TYPE: FULL SERVICE COUNTY | STAFF SIZE: 3,000 EMPLOYEES

END-TO-END AI IMPLEMENTATION

Washoe County Went All-In on AI. They're Reclaiming 400+ Staff Hours Every Month.

$40K+
SAVED MONTHLY IN STAFF TIME

400hrs
HOURS SAVED PER MONTH

2,857
CONVERSATIONS IN 12 MONTHS

255
STAFF REPORTS DRAFTED BY AI

THE CHALLENGE

With 3,000 employees across dozens of departments, Washoe County's institutional knowledge was locked in 10-15 years of siloed documents, legacy systems, and the experience of long-tenured staff. County managers, planners, and clerks spent hours assembling board memos, searching planning records, and preparing public meeting materials. That time could have been spent serving residents.

THE SOLUTION

Madison AI led a full A-to-Z deployment of six purpose-built AI models: a core administration & governance model with 30+ agents, a planning & zoning model, a public meeting assistant, a public guardianship model with PII handling, a public records request model, and a capital projects model. All are backed by custom vector databases, weekly auto-indexing, and dedicated support.

> "This is my new administrative assistant. This tool helps me do all of those things that I would have to go find someone to assist me. This is saving Washoe County hundreds, hundreds of hours a month..."

Dave Solaro
Assistant County Manager
Washoe County, NV
